# MARK HOWELL TEACHING TOUR

## El Rompido

Costa de la Luz, Spain

29<sup>th</sup> October to 2<sup>nd</sup> November 2018

Following our site visit to El Rompido, I can strongly recommend this splendid resort for our private teaching holiday 2018. Precise Resort, El Rompido is located in a picturesque fishing village on the Costa de la Luz. We will be staying in one-bedroom apartments. The settlement of El Rompido is a walk away and other small towns just a short drive where there are several bars and tapas places to visit. Very Spanish flavour to this area.

The resort has two excellent golf courses, The North and The South. The challenging North course is set amongst nature reserves. Its design provides a challenge for experienced golfers and the good-sized greens provide some opportunity for the less accurate shots. The South course is the more walkable course and is equally enjoyable to play.

Included in the trip: **4 nights half board sharing one-bed apartment**  
**3 Rounds golf at The North and The South**  
**Unlimited range balls**  
**Clinics each day**  
**Supervised practice**
